Story
for

**CHILDREN'S
THEATRE**

Today (tomorrow) we will be
going to the theater to see a play.
We will drive there in our car.

When we get to the theater we will
then go inside the theater.

When we get inside we will go to the box office to pick up our tickets. We may have to wait in a line if there are people in front of us

We will then go into the lobby to wait for the doors to the theater to open. There is candy and soda sold in the lobby. It may be crowded in the lobby

After the doors open we will enter the theater, there will be someone there take our tickets and show us to our seats.

Once the show starts people in costumes will be onstage acting out a story, sometimes the actors may speak loudly or sing loudly its ok, its just part of the show.

If I get frightened or upset during the show I can go out to the lobby to take a break

At the end of the show the actors will be dressed up in costumes, if I want I can get my picture or an autograph with them

After the show we will leave the
theater.

*Hope you
enjoyed
the show!*
